TERMS AND CONDITIONS

The energy efficiency programs defined on this application are offered and administered by Citizens Electric. Eligibility for rebates is limited to current members of Citizens Electric Corporation (CEC). Equipment must meet the criteria indicated below and be installed and operable in the applicant's single-family residence located on the cooperative's lines.

If a member has two heat pumps or geothermal systems within the same residence, they are eligible for rebates on both units, provided the total does not exceed 10 tons. All applicable fields must be completed on the form, and the application should be signed, dated and returned to Citizens Electric along with the following documents:

- A copy of the paid invoice showing the manufacturer and model number of the unit(s) installed. If the manufacturer and model number of the unit are not on the invoice, separate documentation must be provided.
- A copy of the Air-Conditioning, Heating and Refrigeration Institute (AHRI) certificate or Energy Star certification must be included. This is available from your HVAC dealer, manufacturer or at www.ahridirectory.org.
- Equipment must be purchased on or after Jan. 1, 2020, and before Jan. 1, 2021. The rebate is for equipment purchase only and does not include labor costs.
- Incomplete rebate forms will not be processed.
- Please allow 4 weeks to receive your rebate. The rebate may be a check or bill credit, determined at the sole discretion of Citizens Electric.
- CEC reserves the right to change or terminate this program at any time without notice.

Your signature on this application certifies the following:

- You have purchased equipment meeting the minimum efficiency indicated on the form;
- The unit was installed at your primary residence indicated on the form;
- You agree to allow access at the address listed on this form for verification purposes;
- You have read and understand the rebate requirements, eligibility and conditions associated with this program;
- You understand the personal information provided will be treated as confidential to the maximum extent possible;
- CEC is not warranting any equipment or its performance, nor will either be liable for any personal injury or property damage caused by the equipment; and you certify the information contained herein is accurate and complete.

I have read and understand the requirements of this program:
